

'Awards for All' comes up trumps for the Friends of Dartmouth Park

The Friends are delighted to announce an 'Awards for All' Lottery Grant of £5,470 to attract people back into our historic Park. The people of West Bromwich think affectionately of the Park with its happy memories of their own childhood and that of their children and grandchildren growing up with the park as part of their lives.

Dartmouth Park is still a beautiful place to visit even before its restoration. The grant is helping the Friends to organise events in the park and to produce a social history for permanent display in the new pavilion, an audio history and eventually a book. The social history of the park and its restoration is the subject of a presentation which the Friends are taking to groups across the Borough and the grant will help with the purchase of equipment to facilitate these presentations. Now we have secured this cash we will really be able to move our plans forward.
